

Sub C

LISTING OF THE CLAIMS (1-35)

Claim 1 (currently amended): A handheld data processing device comprising:
a display/processor module comprising a display;
a first keypad slider comprising a keypad; and,
a second keypad slider.

Claim 2 (original): The handheld data processing device of Claim 1, wherein said first keypad slider and said second keypad slider are configurable to fully cover a display surface of said display/processor module.

Claim 3 (original): The handheld data processing device of Claim 1, wherein said first keypad slider comprises a window.

Claim 4 (original): The handheld data processing device of Claim 3, wherein said second keypad slider comprises a window.

Claim 5 (original): The handheld data processing device of Claim 1, further comprising a display orientation controller.

Claim 6 (original): The handheld data processing device of Claim 1, wherein said first keypad slider is electrically coupled to said display/processor module by a flexible ribbon connector.

Serial No.: 10/006,537

Examiner: ANYASO, U.O.
Art Unit: 2675

A Claim 7 (original): The handheld data processing device of Claim 1, wherein said first keypad slider is optically coupled to said display/processor module.

Claim 8 (original): The handheld data processing device of Claim 1, further comprising a detent mechanism for enabling repeatable and stable extension of the handheld data processing device.

Claim 9 (original): The handheld data processing device of Claim 1, wherein said first keypad slider includes a microphone.

Claim 10 (original): The handheld data processing device of Claim 9, further including a voice recognition processor.

Claim 11 (original): The handheld data processing device of Claim 1, wherein said first keypad slider includes a speaker.

Claim 12 (original): The handheld data processing device of Claim 11, wherein said second keypad slider includes a microphone.

Claim 13 (original): The handheld data processing device of Claim 1, further comprising a wireless transmitter.

Claim 14 (original): The handheld data processing device of Claim 1, further comprising a wireless receiver.

Claim 15 (original): The handheld data processing device of Claim 1, further comprising a line selection driver.

Claim 16 (original): The handheld data processing device of Claim 1, wherein said first keypad slider and said second keypad slider comprise a QWERTY keypad.

Claim 17 (currently amended): A wireless telephone comprising:

a microphone slider;

a data processing and transceiver module; and,

a speaker slider;

wherein one of said microphone slider and said speaker slider comprises a keypad.

Claim 18 (original): The wireless telephone of Claim 17, wherein said data processing and transceiver module comprises a display.

Claim 19 (original): The wireless telephone of Claim 17, further comprising a line selection driver.

Claim 20 (original): The wireless telephone of Claim 17, further comprising a detent mechanism for enabling repeatable and stable extension of the telephone.

~~Claim 21 (original): The wireless telephone of Claim 17, wherein said data processing and transceiver module comprises a voice recognition processor.~~

~~Claim 22 (currently amended): The wireless telephone of Claim 18, wherein said display is located on a front side of said data processing and transceiver module, further comprising:~~

~~a keypad integrated on a front side of said microphone slider and a microphone integrated on a back side of said microphone slider;~~

~~a keypad integrated on a front side of said speaker slider and a speaker integrated on a back side of said speaker slider.~~

A
~~Claim 23 (currently amended): A handheld display device comprising:~~

~~a data processing unit comprising a processor, a display and a wireless telephone transceiver unit;~~

~~a first sliding cover comprising a keypad; and,~~

~~a second sliding cover wherein the covers are openable to protect said data processing unit when closed.~~

~~Claim 24 (original): The handheld display device of Claim 23, wherein said first sliding cover comprises a window.~~

~~Claim 25 (original): The handheld display device of Claim 24, wherein~~

~~said second sliding cover comprises a window, wherein the windows allow viewing of a portion of said display when the covers are closed.~~

~~Claim 26 (original): The handheld display device of Claim 23, further comprising a display orientation controller, for displaying information on said display in a landscape orientation and in a portrait orientation..~~

~~Claim 27 (original): The handheld display device of Claim 23, wherein said first sliding cover is a keypad slider electrically coupled to said display module by a flexible ribbon connector.~~

AJ
~~Claim 28 (original): The handheld display device of Claim 23, wherein said first sliding cover is a keypad slider optically coupled to said display module.~~

~~Claim 29 (original): The handheld display device of Claim 23, further comprising a detent mechanism for enabling repeatable and stable extension of the display device.~~

~~Claim 30 (original): The handheld display device of Claim 23, wherein said first cover slider comprises a microphone.~~

~~Claim 31 (original): The handheld display device of Claim 23, wherein said first cover slider comprises a speaker.~~

~~Claim 32 (original): The handheld display device of Claim 31, wherein said second keypad slider comprises a microphone.~~

~~Claim 33 (original): The handheld display device of Claim 23, further comprising a wireless transmitter.~~

*as
and.*
~~Claim 34 (original): The handheld display device of Claim 23, further comprising a wireless receiver.~~

~~Claim 35 (currently amended): The handheld display device of Claim 23, further comprising ~~g~~a line selection driver.~~
